Profile of female delinquents committed to the Illinois DOC

The report also shows:

- 43.3 percent had experienced physical, emotional, and verbal abuse or neglect and sexual abuse;
- 31.1 percent had experienced only sexual abuse;
- 25.6 percent had only experienced physical, emotional and verbal abuse or neglect.
- Of the females who were reportedly victims of physical, emotional or verbal abuse, 37% were victims of more than one offender;
- 98% of the offenders were known to the victim.

For the complete report go to http://www.icja.org/public/pdf/ResearchReports/FemaleDel_IDOC.pdf.
